

Travel Mode Options

By Rail

Westleigh is situated 3 miles to the north-west of Preston railway station and the city centre. Taxis are located at the station entrance.

By Road

Leave the M6 at Junction 32, take exit 1 (M55) onto the A6 for Preston. Take the immediate left signposted UCLan Sports Arena (also Ingol, Cottam) along the B6241 for 2.5 miles. At the third roundabout housing the Recycling Depot turn right onto Cottam Way. Continue straight on past one roundabout. At the next roundabout turn left onto Lea Road. Westleigh is on your left after the canal bridge.

Car Parking

There are a number of parking spaces at Westleigh. If you require car parking bays, these need to be booked in advance.

Travelling Sustainably

Cycling

Cycling is a great way of travelling as it is often quicker than other modes and a cheap and healthy option. Preston and South Ribble benefit from over 50km of traffic-free cycle paths. The National Cycle Route 62 along the Lancaster canal connects the City with UCLan Sports Arena and Westleigh. Bicycle parking, showers and storage facilities are also available at both venues.

The University's Bicycle User Group (BUG) has lots of information on cycling including cycle route maps, guidance on bike security and safety www.uclan.ac.uk/bug

Public Transport

Preston is on the west coast mainline and benefits from direct rail links north and south to London and Glasgow and across to Manchester and Manchester Airport. For more information including a route planner and prices visit www.nationalrail.co.uk

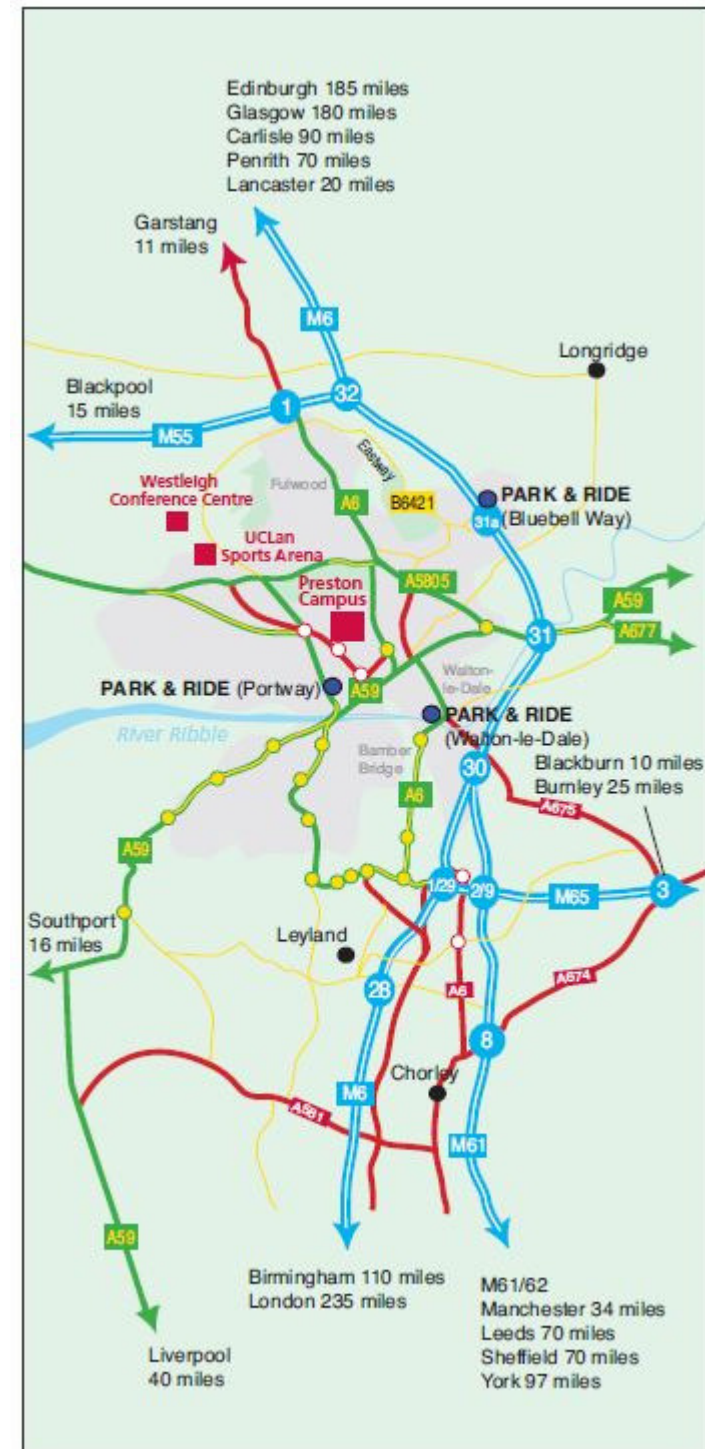

Planning your journey

The University of Central Lancashire (UCLan) is, through implementation of its Travel Plan, Supporting Sustainable and Active Travel'.
