What do you think makes a good fashion designer?

*For example: creativity, individuality, not being afraid to experiment or to fail.*

Can you think of any other types of designers?

*Interior designers, architects, games designers, product designer, web designer, animation designer*

Other than a fashion designer, what other job roles exist in the Fashion industry? List as many as you can

*Journalist, photographer, set designer, event manager, magazine editors, buyer, retailers, textile designers*

What skills do you think you have that might make you suitable for a career within the fashion industry?

*Personal reflection—encourage students to identify some positive personal skills that would be applicable to a job within the fashion industry. Challenge the students by asking them why they think they possess these skills. If they are struggling, point out some of their positive attributes.*
