A: The Academic Regulations

A1 The University

These Academic Regulations apply to all taught courses of the University of Central Lancashire hereafter referred to as "the University".

Changes to these regulations may only be approved through processes approved by the Academic Board.

These regulations apply to all students registered with the University during the academic year 2020/21. They supersede any previous regulations.

A2 Powers of the University to Grant Awards

The following powers (A2.1 to A2.6) derive from Section 76 of the Further and Higher Education Act 1992:

- A2.1 The University is empowered to grant awards to persons who complete an appropriate course of study and satisfy an appropriate assessment and to grant awards to persons who complete an appropriate programme of supervised research and satisfy an appropriate assessment.
- A2.2 Awards which may be granted by the University include degrees, diplomas, certificates, or other academic awards or distinctions, and Honorary Awards.
- A2.3 The University may exercise its power to grant awards by granting awards jointly with another institution(s).
- A2.4 The University may, for good reason, deprive any person of any award granted to her or him by the University (or, in the case of an award granted to her or him by the University and another institution jointly, may do so jointly with the other institution). Good reason will include academic fraud.
- A2.5 The University, where empowered to make awards on behalf of Pearson or professional bodies, does so subject to the regulations of those bodies.
- A2.6 The University, in accordance with the relevant provisions of its Instrument and its Articles, determines:
- (i) the courses of study;
 - (ii) the programmes of research;
 - (iii) the assessment appropriate for the grant of any award; and,
 - (iv) the terms and conditions on which the powers to grant awards are to be exercised.

A3 Approval of Courses and Awards by the Academic Board of the University

- A3.1 In fulfilling its responsibilities under the Articles, the Academic Board authorises Committees, Boards and Panels to act on its behalf. These Committees, Boards and Panels are responsible to the Academic Board of the University. In all cases such Committees, Boards and Panels are required to act in accordance with the Articles of the University and these Academic Regulations.
- A3.2 The University may agree to offer provision leading solely to awards by external bodies. In such cases the academic regulations of the external body take precedence over University regulations in relation to the requirements for conferment of the award. Where courses are subject to the regulations of professional, statutory and regulatory bodies and those regulations are different from the Academic Regulations of the University, the regulations of the professional, statutory and regulatory bodies will take precedence, subject to approval through the University's course approval and review processes.
- A3.3 In extraordinary circumstances, caused by external factors beyond the control of the University, the Academic Board will be responsible for approving special arrangements, if necessary, for the determination of awards and progression (see Section K). In the case of apprenticeship programmes, the requirements of the end point assessment plan (EPA) associated with the apprenticeship standard will be followed and will take precedence over University regulations, subject to approval through the University's course approval and review processes.

B: Awards of the University

B1 Principles

- B1.1 All awards conferred by the University are defined by a series of benchmarks relating to the general level of knowledge and skills required to register for the award, the highest level of study required to achieve the award and the standard time taken to complete the award as expressed in terms of full-time study.
- B1.2 All awards conferred by the University are benchmarked against the Framework for Higher Education Qualifications for England, Wales and Northern Ireland issued by the Quality Assurance Agency for Higher Education. Individual disciplines may also refer to relevant subject benchmarks.
- B1.3 Awards can only be gained by following and successfully completing a course of study leading to an approved award which has been approved by the University.
- B1.4 University awards are designed to incorporate exit point awards where appropriate aims and learning outcomes have been specified. Exit point awards may only be given where the learning outcomes for the lower award have been met.
- B1.5 Certificates, transcripts and Diploma Supplements follow an approved style and format.
- B1.6 All courses will be taught and assessed in English with the following exceptions:
- (i) where the learning outcomes are explicitly related to competence in Languages other than English;
 - (ii) where the acquisition of competence in English is a declared learning outcome, support work may be in the student's native language.

B2 List of Awards

- B2.1 The Awards conferred by the University are shown in table B3.10. B2.2

Posthumous awards

The University may confer any of its awards posthumously provided there is evidence of work successfully completed at the appropriate level. The classification will be determined by the Assessment Board on the basis of the overall academic profile. The award can be accepted on the student's behalf by a parent, spouse or other appropriate individual.

- B2.2 *Research Awards*

The Academic Regulations for research awards are published in the Academic Regulations for Postgraduate Research Degrees.

- B2.3 *Professional Doctorate Awards*

The Academic Regulations for Professional Doctorates are published in the Academic Regulations for Professional Doctorates. Guidance on the framework for Professional Doctorates can be found in Appendix 12 of the Academic Quality Assurance Manual.

- B2.4 *Honorary Awards*

There are three categories of Honorary Award:

- i) *an Honorary Doctorate (D.Univ.), appropriate for those who have made a significant contribution to the development of the University and/or have made a major contribution to the development of education at the national and/or international level;*
- ii) *an Honorary Fellowship, appropriate for those who have achieved distinction in their profession or area of activity, and/or made a significant contribution to society in general;*
- iii) *a Corporate Award, appropriate for those organisations, institutions of corporations which have demonstrated significant charitable work s, community enhancement, or through their collective endeavour have advanced education or academic research regionally, nationally or internationally.*

B2.5 The Honorary Academic Awards committee considers nominations for the award of Honorary Doctorate and recommends conferment of any award by the Academic Board. The awards of Honorary Fellow or Corporate Awards are conferred by the Nominations Committee, a sub-committee of the University Board. The Committee (s) will take account of past, current or planned future links between a student and the University in determining whether an award should be conferred.

B3 Title of Awards

B3.1 *Certificate in Education [Cert Ed] [post-compulsory]*

The Certificate in Education is a teaching qualification awarded to students who have successfully completed a specialist teaching course in post-compulsory education.

B3.2 *Foundation Degrees*

The award of *Bachelor of Arts (BA)* is generally used in art and design, the arts and humanities and areas of social or business studies. The award of *Bachelor of Science (BSc)* is generally used in technology, science or mathematics and their applications. In areas where either title may be used, the title will be based on the curricular focus of the course and prevailing norms across the relevant higher education sector.

The title *Bachelor of Engineering (BEng)* is reserved for courses which provide a technologically broad education with an emphasis on engineering applications.

B4 Approval of new awards

- B4.1 The Academic Board has power to approve new awards on advice from the Students, Teaching and Quality Committee.
- B4.2 In considering proposals for new awards, the Academic Board will pay particular regard to:
1. the characteristics and level of the proposed award that would both distinguish it from existing awards and relate it to them;
 2. the suitability of existing awards for the proposed programme of study;
 3. the likely demand for, and recognition of, the proposed award by institutions, students and employers.
- B4.3 Course proposals may not be submitted for course approval prior to Academic Board approval of an appropriate award type and its definition.

B5 Certification of Awards

Academic Board awards and official transcripts follow a prescribed style. The use of the University crest on certificates is restricted to Academic Board awards and Honorary awards.

C: Modular Framework

C1 Modular Framework

C1.1 All taught awards of the University are governed by the regulations that apply to the University's modular scheme as set out below, unless otherwise specified. This includes taught elements of Professional Doctorates awards and Integrated PhD awards.

C2 Modules

C2.1 Each module is a self-contained block of learning with defined aims, learning outcomes and assessment.

C2.2 The number of learning outcomes specified for a 20-credit module is normally limited to a maximum of 5.

C2.3 All modules are assigned to Academic Schools. The development, delivery and assessment of modules is the responsibility of the Head of School¹ operating through the academic staff in the school.

C2.4 Module descriptions will specify pre- requisites and/or co-requisites where these apply.

C2.5 Modules within a programme will be designated as one of the following:

1. Compulsory
2. Optional
3. Core

C2.6 Modules designated as 'Compulsory' must be attempted but may be compensated. Modules designated as 'core' may not be compensated.

C2.7 Modules will normally only be designated as 'Core' where this a professional /statutory body requirement.

C2.8 A student-initiated module is a scheme of directed study with assessment. Up to 20 credits may be awarded, at an appropriate level and contribute to a student's overall programme of study.

C2.9 The indicative module assessment workload for a 20-credit module is as follows:

	Assessment weighting	Maximum workload
Coursework	100%	4,000 words or equivalent
Coursework	50% or less	2,000 words or equivalent

C2.10 Module level

C2.10.1 each module will specify a level which indicates the intellectual standard required for successful completion of the module.

- Level 3: A/AS Level equivalent (used for Foundation Entry)
- Level 4: Certificate level which prepares students for further study (approximating to year 1 of a three-year honours degree programme).
- Level 5: Diploma level (approximating to year 2 of a three-year honours degree programme).
- Level 6: Degree level (approximating to year 3 of a three-year honours degree programme).
- Level 7: Postgraduate level.
- Level 8: Doctorate level.

¹ Or those acting in this capacity with an equivalent role title

C2.10 Module size

C2.10.1 A standard module is worth 20 credits. It equates to the learning activity expected from one sixth of a full-time undergraduate year.

C2.10.2 For Undergraduate and Postgraduate taught courses module size must comply with the following guidelines:

Level	Module Size Options
3	20, 40, 60
4	20, 40, 60, 120
5	20, 40, 60, 120
6	20, 40, 60, 120
7	20, 40, 60, 120

C3 Courses

C3.1 Courses lead to named awards (e.g. BSc Psychology). Courses consist of specified combinations of modules approved by the University as appropriate for that named award and which allow students to meet the overall award requirements in terms of module number and level. A table of module requirements is shown in C10.

C3.2 Courses are assigned to Academic Schools. Their development, operation and assessment are the responsibility of the Head of School.

C4 Placements

C4.1 Sandwich Courses

Sandwich courses are developed with an extensive period of supervised work experience. This must be a minimum of 30 weeks in total to be eligible to be defined as a sandwich course. Awards are appropriately endorsed with merit/distinction. The period of work experience has aims and learning outcomes and is assessed but does not contribute to the minimum module requirement for the award nor the award classification calculation.

C4.2 Work Experience

Periods of work experience leading to the achievement of specified learning outcomes may take the form of individual modules or may be integrated with academic study within a module.

C5 Study Abroad

C5.1 Language courses

Language courses will normally include an extensive period of study abroad (usually 35 weeks). The period of study abroad has aims and learning outcomes and is assessed but does not contribute to the minimum module requirement for the award nor to the award classification calculation.

C5.2 Exchange Schemes

Exchange schemes may include study abroad and should satisfy the relevant learning outcomes of the course but do not necessarily need to match the content of any specific modules as set out in the Programme specification.

C6 Stage

C6.1 Bachelor Degrees are divided into stages

Stage 0 is equivalent to a full-time foundation year and prepares a student for the degree or diploma course.

Stage 1 is equivalent to a first year of a full-time degree course and forms the basis of progression to stage 2.

Stage 2 is equivalent to the subsequent years of a full-time degree course.

C6.2 For the Integrated Masters course, Stage 2 is equivalent to the second year of a full-time degree course.

Stage 3 is equivalent to the final two years of a full-time Integrated Masters course.

C6.3 For the integrated PhD, Stage 2 is equivalent to a three-year PhD course.

C7 Mode of Study

C7.1 The modular framework is designed to accommodate the movement of students between full-time and part-time mode of study. Changes to mode of study require prior approval.

C7.2 A full-time student is defined as any student undertaking modules equating to at least 100 credits during a standard (two semester) academic session. The maximum number of credits that may be taken during an academic session is normally 120. Exceptionally, a full-time student may undertake 140 credits where they are required to retake a 20-credit module.

C7.3 A full-time student undertaking an approved accelerated degree programme will normally complete 180 credits within a standard (three semester) academic session.

C8 Duration of Study

C8.1 The standard duration of full-time study towards specified awards is shown in the table in section B3.10. The standard duration for part-time provision will normally exceed the full-time duration by two years.

C8.2 A student is permitted to interrupt the continuous registration on their programme of study but must seek authorisation to do so from the Head of School (or nominee) prior to the commencement of that interruption of study. The application should be in writing and set out the reasons for interruption and the period of time requested for such interruption. Retrospective interruptions to study are not permitted. The period of authorised interruption shall normally be up to one year and exceptionally up to two years. A period of authorised interruption shall normally be no less than one month. Such periods of time would normally be considered as authorised absence. If an interruption is not authorised but a student does not attend their course, the University may determine that a student's studies be terminated and apply its withdrawal procedures under section G13 of these regulations.

C8.3 Students who wish to interrupt their studies for longer than the period which can be authorised, or who fail to enrol for an academic year without authorised interruption, must seek readmission if they wish to resume their studies.

C8.4 An authorised interruption of study would normally require an adjustment to the expected end date of the programme by the equivalent period of time.

C9 Attendance and Engagement

C9.1 Student attendance and engagement at timetabled learning activities of courses and modules is required. Notification of illness or exceptional requests for leave of absence must be made to the Head of School or nominee (usually the Course Leader).

C9.2 Students with continuous unauthorised absence may be deemed to have withdrawn from the course and the University may apply its withdrawal procedures in accordance with section G13 of these regulations.

C9.3 Individual modules and/or courses may incorporate a specific attendance requirement as part of the assessment criteria for successful completion of a module.

D: Approval and Periodic Review of Courses

D1 Course closure

D1.1 Sometimes, circumstances beyond the control of the University may mean that it has to close a course. In these circumstances, the University will take all reasonable steps to minimise the resultant disruption to affected students, by, for example, offering affected students the chance to move to another course or institution, or by delivering a modified version of the same course. The University will ensure that adequate standards are maintained for any students remaining on the course.

D2 Course Approval, Credit Recognition and Periodic Course Review of courses offered in collaboration with other institutions or other organisations.

D2.1 Forms of relationship

D2.1.1 The University may form a relationship with other bodies in the UK or overseas to offer courses. Such courses may lead to the awards of the related bodies as well as to awards of the University.

D2.1.2 Whatever form the relationship takes, the University will satisfy itself, through its Course Approval and Periodic Review procedures, that a course or learning programme complies with the Academic Regulations and that the related establishment provides a suitable learning environment for students on courses leading to awards of the University.

D2.2 Formal Agreement

D2.2.1 All collaborative courses, including franchised courses, validated courses, credit recognition and articulation, will be covered by an agreed formal statement of the arrangements (normally in the form of an Institutional Agreement and Memorandum of Co-operation).

E: The Admission of Students

E1 Principles

E1.1 The selection of students for admission is based on the ability to benefit as demonstrated through prior educational achievement, motivation and commitment.

E1.2 Responsibility for the selection of students lies with Admissions Tutors, nominated by Deans/Heads of School, operating within the general entry requirements for the award specified by the University and any specific course-based requirements.

E1.3 The University will not admit applicants unless there is a reasonable expectation that the applicant can fulfil the learning outcomes of the course and reach the required standard for the award.

E1.4 The admission of students with disabilities and/or learning difficulties is based on the academic judgement that the student can, with reasonable adjustments by the University, be reasonably expected to fulfil the learning outcomes of the course to achieve the award.

E1.5 The admission of individual applicants is at the discretion of the University having regard to the safety and welfare of the University community and the general principles above.

E1.6 Misrepresentation in the application process

E1.6.1 Offers to applicants whom the University believes have willfully or negligently misrepresented information in their application may be withdrawn and the applicant's contract with, and membership of, the University may be terminated. In the case of UCAS applicants, the Head of Admissions will inform UCAS of the findings. The applicant will be entitled to bring a complaint as detailed in the Admissions Policy and Applicant Complaints Procedure where he/she believes the decision is unreasonable.

E1.6.2 Where the University believes that a student has willfully or negligently misrepresented information in their application, a nominee of the Vice-Chancellor may terminate the University's contract with the student and membership of the University will cease. The student will be given an opportunity to make representations to a nominee of the Vice-Chancellor before such a decision is taken.

E2 General Entry Requirements

E2.1 The University's general minimum entry requirement is specified in terms of the standard current qualification operating in England and Wales (see B3.10). Equivalent learning from other study or experience will also meet this requirement.

E2.2 In addition to the general entry requirement, individual courses may specify particular subjects of study, areas of learning or experience or levels of performance in relation to admission. Course specific requirements are determined by the Head of School and approved at Course Approval.

E2.3 All students must have sufficient competency in English language to study successfully for the proposed award. Competency may be demonstrated by qualification, accreditation of prior learning or separate University test.

E2.4 General Entry requirement for admission to undergraduate courses

E2.4.1 The minimum level of attainment required for entry to the start of standard courses leading to awards at first degree level is expressed in terms of UCAS Tariff Points. Qualifications and/or experience at an equivalent level are welcomed and will be equally considered. See B3.10.

E2.4.2 The University will not normally make unconditional offers to candidates after only one year of post-16 study.

E2.4.3 Students applying for undergraduate courses must have a minimum proficiency in English equivalent to IELTS 6* before being offered a place.

*Note: where the medium of instruction and assessment of a student's previous study was English then they may be deemed to have demonstrated English competency at the levels specified above without a separate test. The University reserves the right, however, to request evidence of proficiency through testing.

E2.5 Overseas Collaborative Provision: entry and exit requirements.

E2.5.1 For undergraduate overseas collaborative programmes which include a structured language programme and related study skills support, an IELTS level equivalent to 4.5 is the minimum entry requirement to level 4 of the collaborative programme. Students must achieve a minimum IELTS score of 6.0, or equivalent, before progressing to level 6 of their course and/or transferring to UCLan.

E2.6 Minimum entry requirement for admission to taught postgraduate courses

E2.6.1 For details of the minimum requirements, see B3.10. Equivalent learning from other study or experience will also serve to meet this requirement.

E2.6.2 Students applying for postgraduate programmes must have a minimum level of proficiency equal to IELTS 6.5* or equivalent.

E3 The admission of students with criminal convictions

E3.1 For some courses (especially those involving contact with children or vulnerable adults) applicants must declare any criminal conviction (spent and/or unspent) and a check through the Disclosure and Barring Service (DBS) may be additionally required for admission. In such cases the Head of School is responsible for ensuring that procedures are in place for the consideration of convictions in line with University and/or professional body requirements and for notifying applicants of the outcome.

E4 Admission with credit (including Accreditation of Prior Learning)

E4.1 The University operates procedures to formally recognise prior learning gained elsewhere both for admission to a course and, where appropriate, for admission with credit (the award of credit which can be counted towards the requirements for an identified University award).

E4.2 Credit for non-University learning towards the requirements for a University award may be gained through articulation agreements, tariff arrangements or the accreditation of prior learning (APL). A student can make an application to apply credit from prior learning to a University course through the Admissions Office when applying for that course.

E4.3 Articulation agreements are a form of transfer agreement whereby a specific course delivered in a specific institution elsewhere has been mapped against and is recognised as giving advanced standing onto a named University course.

E4.4 Tariff arrangements are a form of credit recognition where the prior learning is such that it is frequently presented for recognition by a number of applicants to a specific course. This is approved and recorded within a programme specification and avoids the need for individual students to apply for accreditation of prior learning.

E4.5 APL is the identification and formal acknowledgement of an individual student's prior learning in order to gain credit towards a specified University award. It may be certificated (from another institution/awarding body) or experiential (drawn from life/work experience).

E4.5.1 The types of credit awarded for APL are:

Specific Module Credit: where credit is awarded for prior learning which matches the learning outcomes of identified UCLan validated modules.

Elective Credit: where the Programme Specification identifies free choice elective module(s), and it is established that the prior learning can be mapped to the required volume and academic level.

Course or Subject Credit: where credit is awarded for prior learning which lies within a particular course or subject discipline and permits the achievement of the relevant course learning outcomes but does not necessarily match the content of any specific modules as set out in the Programme Specification.

E4.5.2 APL is determined in relation to a specific course. Where a student changes course, the Course Leader must review the appropriateness of the original APL claim to the new course. This may result in the need for a new application by the student.

E4.6 Qualifications which are at the level of the University's general requirements for admission to a course cannot be used to claim admission with credit, with the exception of students who meet the specific requirements for exemptions under Evaluation Committee for Private Universities (ECPV) regulations that apply to courses offered at UCLan CYPRUS.

E4.7 The smallest amount of learning which can contribute to any award is a module, irrespective of the credit value.

E4.8 Undergraduate study which has already contributed to credit for an undergraduate award may not be counted towards postgraduate awards.

E4.9 With the exception noted in E4.10 and E4.11 below, the maximum credit for prior learning towards both undergraduate and postgraduate awards is two thirds of the total credit requirement for the award. In the

case of a 480-credit undergraduate award (e.g. integrated masters) the maximum credit for prior learning is 360 credits.

E4.10 In line with CyQAA regulations for courses operating at UCLan Cyprus, the maximum credit for prior learning towards all undergraduate awards is 50% of total credit of the prior award, and for all postgraduate awards is one third of total credit of the prior award.

E4.11 Applicants wishing to use a previously awarded higher level or equivalent level qualification towards either undergraduate or postgraduate awards may not be credited with more than one third of the total module requirement for that award. This regulation applies equally to UCLan transfer credit and to credit accumulated outside the University.

E4.12 The BDS (International Conversion) is exempt from regulation E4.11.

E4.13 Credit for prior learning is not available in relation to entry to the final year of Honours degrees, including Top-up degrees. Exceptions up to a maximum of 20 credits will only be considered in the case of recognised awards within a national/regional framework, for example meeting requirements set by the Nursing and Midwifery Council, and may not apply to the dissertation/honours project module.

E4.14 Prior learning from outside the University will not be graded.

F: Student Registration for Awards

F1 Registration

F1.1 All students are required to register for a valid award of the University or otherwise register as one of the following:

1. an Exchange student
2. a student undertaking bridging modules
3. a student undertaking module on a defined learning framework (e.g. Nursing)
4. an Associate student.

F1.2 It is a student's responsibility through the enrolment process to register for the course and award to which they have been admitted and for a valid programme of modules according to the administrative procedures and deadlines which pertain at the time.

F1.3 Students may not simultaneously register for more than one full-time award (with the exception of a student intercalating see F2 below)

F1.4 A student may not register for more modules than is required to achieve the target award.

F1.5 An individual module cannot be simultaneously registered by a student for two or more awards.

F2 Intercalation

F2.1 Intercalation is defined as the circumstance in which a student takes up the opportunity to pause his or her study on a registered programme to study for a degree in a different programme of study. The student resumes, as normal, on their registered programme following the intercalation.

F2.2 Only students registered on the following programmes are eligible to intercalate: MBBS, BDS F2.3

Only those taught programmes that have been specifically designated and approved as such can accept intercalating students. A register of these designated and approved programmes is held by Academic Quality and Enhancement.

F2.4 Intercalation is normally undertaken subsequent to completion of year 2 (for degree entry) or year 3 (for postgraduate entry) and is for a maximum period of one academic year.

F2.5 The degree classification of the intercalated degree programme will be calculated purely on the module marks achieved during the year of intercalated study subject to the relevant regulations for that programme.

F2.6 The award of the intercalated bachelor's degree will be conferred at the next graduation ceremony following successful completion of the programme, except in the case of an intercalated taught postgraduate degree programme where the award will be conferred at the same time as completion of the registered programme.

G: Assessment

G1 Principles of Assessment

- G1.1 The purpose of assessment is to provide the opportunity for students to demonstrate that they have fulfilled the learning outcomes of the course and achieved the standard required for the award they seek.
- G1.2 Assessment must reflect individual student achievement and relate it to a standard for each award which is recognised and maintained across Universities and other higher education institutions in the United Kingdom.

G2 Module Assessment and Feedback on Assessed Work

- G2.1 All modules will be assessed. Students are expected to attempt all required assessments for each module for which they are registered, and to do so at the times scheduled unless authorised extensions, special arrangements for students with a disability, or mitigating circumstances allowing deferral have been granted.
- G2.2 Each module will specify an assessment strategy by which students can demonstrate the achievement of the learning outcomes for that module.
- G2.3 The maximum number of summative assessment elements in each 20-credit module is not normally more than 2. All modules may be passed on aggregate. Professional body requirements may require that all elements must be passed.
- G2.4 Generic feedback on all summative elements of assessment which contribute to a module, will be made available to students within 15 working days (3 weeks) of the scheduled submission or examination date. Generic feedback on end of module assessment and dissertations will be made available within 15 working days following the publication of results.
- G2.5 For all assessments, students will be provided with individual feedback.
- G2.6 Feedback may be provided in oral, written, audio or digital format as appropriate.

G3 Late Submissions

- G3.1 The University requires students to adhere to submission deadlines for any form of assessment. A penalty will be applied in relation to unauthorised late submission of work.
- G3.2 Extensions may be granted for up to 10 working days and will be confirmed to the student in writing. The request should be made in writing by the student to the Academic Registry, clearly stating the reason for the extension and detailing the module and assessment where an extension is requested. Students who submit work after an authorised extended deadline date will be awarded a mark of 0% for that element of assessment. Section 3 of the Assessment Handbook provides further information.
- G3.3 Students who submit work within 5 working days after the published submission date without an authorised extension will be awarded the minimum pass mark (see H3) for that element of assessment (including work graded pass/fail, where the minimum grade would be 'pass'). All work submitted later than 5 working days after the published submission date without an authorised extension will be awarded a mark of 0% for that element of assessment (work graded pass/fail would receive a 'fail').
- G3.4 Unauthorised late submission at resubmission will automatically be awarded a mark of 0% for that element of assessment.
- G3.5 Where the nature of the circumstances is such that the extension is required for more than 10 working days, students may submit a case for consideration in accordance with the procedure for Mitigating circumstances.

G4 Examination Arrangements

- G4.1 An examination is defined as a formal, timed assessment of any duration which is subject to continuous invigilation.
- G4.2 The University operates Examination Procedures in relation to the behaviour of examination students (see section 5.1 of the Assessment Handbook).

G5 Students with Disabilities and/or Learning Difficulties

- G5.1 Reasonable adjustments to assessment processes for students with disabilities and/or learning difficulties will be made providing the requirement has been established by an assessment of need undertaken by Disability Services.

G6 Assessment Practice

- G6.1 The University is committed to the principle of maintaining academic standards through the processes of verification and moderation.
- G6.2 Comments made by the first marker on the student's work or performance must be available to the moderator for all assessments other than projects/dissertations.
- G6.3 The University requires all summative assessments to be anonymised where possible.
- G6.4 All postgraduate and final year undergraduate projects/dissertations must be clean double marked (see section 2.3 in the Assessment Handbook) except where this is precluded because of the method of presentation for students with a disability or learning difficulty.
- G6.5 Oral presentations or examinations which contribute more than 25% of the overall module mark require at least two members of academic staff to witness the presentation and to agree the mark awarded.

G7 Academic Misconduct

- G7.1 Academic misconduct applies to summative assessment only and includes all forms of cheating, plagiarism, collusion and re-presentation as defined in the Assessment Handbook.
- G7.2 All instances or allegations of the use of academic misconduct within summative assessment will be investigated in line with the procedure set out in the Assessment Handbook. If the allegation is found to be proven the Academic Integrity Lead or Academic Misconduct Committee acting on behalf of the Assessment Board will implement the appropriate academic penalty in the module and report it to the Assessment Board. Categories of academic misconduct and related penalties are specified in the Assessment Handbook.

G7.3 An Assessment Board will not come to a decision on a student's result where an instance or allegation of the use of academic misconduct has not been resolved.

G7.4 Where evidence of academic misconduct becomes available subsequent to the recommendation of the Assessment Board, the matter will be re-opened at a subsequent meeting of the Board and the original recommendation may be set aside if appropriate.

G7.5 Any appeal against the decision of the Academic Integrity Lead or Academic Misconduct Committee will be heard under Stage 1 of the Procedure for Appeals against Assessment Board decisions, as set out in section 7 of the Assessment Handbook. An appeal will only be valid if it is based on the following grounds:

- i that the original decision was not conducted fairly and/or in accordance with the published procedure;
- ii that the original decision was unreasonable in all the circumstances.

G8 Composition and Responsibilities of Assessment Boards

G8.1 Examiners/assessors are required to declare any close personal or business relationship with a student which could reasonably question the impartiality of the examining/assessment process. The Chair of the Assessment Board will determine the most appropriate action in such cases.

G8.2 Module Assessment Boards

G8.2.1 Each School will operate Module Assessment Boards for all modules assigned to that School. Membership will comprise the Head of School or nominee (Chair) and academic staff, including those from partner institutions, associated with the delivery of the modules.

G8.2.2 The quorum for Module Assessment Boards shall be the attendance of the Head of School or nominee (Chair) and an internal examiner able to report fully on all results for each module considered by the Board. Attendance at all boards should be kept to a minimum and should not involve all staff teaching on each module.

G8.2.3 Where a module runs solely at a Partner Institution, the University may delegate to the Partner Institution the operation of the Module Assessment Board.

G8.2.4 It is the responsibility of the Module Assessment Board to determine the mark/grade achieved by each student in individual modules and to make recommendations to the appropriate Course Assessment Board in relation to reassessment and compensation.

G8.2.5 Marks/grades determined by Module Assessment Boards shall not be subject to revision by other Boards.

G8.3 Course Assessment Boards

G8.3.1 Each School will operate a Course Assessment board which covers each Course for which the School is responsible. Membership will comprise the Head of School (Chair), and relevant Course Leader (s). Attendance of External examiner is ONLY required where final awards are being made and may be attendance remotely.

G8.3.2 The Chair of the Course Assessment Board must have undertaken the required training and be on the University's 'List of Approved Chairs'.

G8.3.3 The quorum for the Course Assessment Board shall be the attendance of the Head of School or nominee (Chair), Course Leaders as appropriate for each course under consideration within the school and where final awards are being made only and the External Examiner(s). In exceptional circumstances, the Head of School may nominate an appropriate deputy for a Course Leader who is unavoidably absent.

G8.3.4 Where a course runs solely at a Partner Institution, the University may delegate to the Partner Institution the operation of the Course Assessment Board.

G8.3.5 If in exceptional circumstances no External Examiner(s) is able to be present (either in person or remotely) when final awards are being made, the External Examiner(s) will be required to confirm the recommendations of the Course Assessment Board and communicate his/her views by written correspondence to the Chair of

the Course Assessment Board.

G8.3.6 It is the responsibility of the Course Assessment Boards to determine, based on the overall student profile any applicable compensation and reassessments and to determine results for each student in relation to their progression or award.

G8.3.7 Results determined by Course Assessment Boards shall not be subject to revision by other Boards.

G9 Mitigating circumstances

G9.1 The University operates standard procedures for the submission of mitigating circumstances. (See section 4 of the Assessment Handbook).

G9.2 In determining assessment recommendations, Course Assessment Boards will take into account approved claims from students for mitigating circumstances.

G9.3 A disability or learning difficulty does not constitute a mitigating circumstance.

G9.4 Course Assessment Boards are not permitted to alter individual assessment marks to take account of mitigating circumstances.

G9.5 Where performance or incomplete assessment in a module is due to mitigating circumstances the Course Assessment Board will make a decision as to whether the student should be assessed at the next opportunity as if for the first time (or first reassessment if the poor performance relates to a second sit), or may agree a module mark if sufficient evidence is available for the determination of such a mark.

G9.6 Mitigating circumstances will be taken into consideration by a Course Assessment Board as appropriate in the determination of the application of compensation provisions, opportunity for re-assessment and in overall progression/award classification decisions as further set out in section 4 of the Assessment Handbook.

A Course Assessment Board, using its academic judgement, may take account of mitigating circumstances where the student's overall performance is borderline, provided that there is good reason to believe that the student's performance has been compromised by mitigating circumstances to an extent which has not been fully reflected in adjustments made to assessment at the module level (such as deadline extensions and variations in assessment method).

G9.7 Where poor performance or non-completion arising from mitigating circumstances is associated with a placement module the Course Assessment Board may, at its discretion and taking account of the extent to which the learning outcomes of the module have been met, either (i) deem the placement completed satisfactorily, (ii) specify arrangements for completion or (iii) require a repeat of the placement.

G9.8 In exceptional circumstances, where the performance of a group of students has been adversely affected by external factors outside the University's control, reference should be made to the policy on Extraordinary Circumstances Governing the Assessment Process.

G9.9 Where the original assessment cannot be replicated, the Course Assessment Board may permit a variation in the deferred assessment pattern provided that this is appropriate to demonstrate the achievement of the required learning outcomes.

G10 Compensation

G10.1 Compensation describes the process by which a student who fails to satisfy some element of assessment is nevertheless recommended for progression/award on the grounds that the failure is marginal or is offset by good performance in other components of his/her study programme.

G10.2 A Course Assessment Board may, at its discretion, compensate failure in a module where, in its considered academic judgement, the compensation is fair and reasonable in relation to the learning outcomes of the course and the standard of the student's performance as a whole.

Compensation must not be applied where the module mark falls below the threshold mark of 30% for undergraduate modules (Levels 3, 4, 5 and 6) or 45% for modules at Level 7 or above and modules utilised solely on the undergraduate professional programmes in Medicine and Dentistry (BDS, MBBS). A higher threshold may be set where there are sound academic reasons such as professional body requirements.

G10.3 The number of credits which can be compensated within an award is limited according to the maxima shown in the following table. Course regulations may specify less than the maximum where this is appropriate or where professional body requirements so dictate.

Type of Award	Maximum credits				
	Level 3	Level 4	Level 5	Level 6	Level 7
1. Stage 0	20				
2. Certificate of Achievement	Not applicable				
3. Certificate		0

19. Taught /Professional Masters Degree					20 credit taught module
20. Professional Awards in the fields of Medicine					20 credit taught module Stage 1
21. Professional Doctorate					20 credit module at Stage 1

G10.4 Where a Course Assessment Board applies compensation to a module the original mark or grade shall not be altered, and that original mark will be used in any award classification.

G10.5 Performance in core modules cannot be compensated.

G10.6 Compensation should be considered and applied at the earliest opportunity.

G11 Module Reassessment

G11.1 The decision to offer reassessment lies with the Course Assessment Board taking account of the recommendations from Module Boards and the student's overall profile.

G11.2 Where a student has failed a component and is required to be reassessed in that component, the maximum mark which may be awarded for any reassessed component will be the minimum pass mark (i.e. 40 for Level 3, 4, 5 and 6 modules and 50 for Level 7 modules and all modules with registerable qualifications). This mark will contribute to the overall aggregate mark for the module.

G11.3 Where the module does not require the student to pass each component of assessment, but the module is failed on aggregate, if following re-assessment, the capping of the component mark (application of G11.2) prevents the student from passing the module, the module mark will be capped rather than the component mark.

G11.4 A module, or a component within it, may be reassessed only once.

G11.5 In-module reassessment is permitted and if marked numerically is subject to the requirements of G11.2 and G11.4 (i.e. that the assessment is capped, and a further attempt is treated as the reassessment opportunity). In-module skills tests which are graded pass/fail are not subject to G11.2 and G11.4.

G11.6 If upon reassessment the original mark and the reassessed mark are both under the minimum pass mark, the higher of the two marks will be used in any subsequent averaging calculation.

G12 Module Attempts

G12.1 The definition of 'attempt' is a student's first 'sit' and any 'resit' (of any component of assessment) within a module.

A retake of the same or an alternative module in a subsequent year or semester is considered to be a separate second attempt.

The following are not considered to be 'separate attempts'

1. where a student is reassessed for a module;
2. re-enrolment for the module in a subsequent semester where a module grade is 'deferred'.
3. Where, because of mitigating circumstances, a student is permitted to repeat a year, all module results from the original year will be invalidated and such modules will not count towards the total number of attempts.

G12.2 Except in the case of Certificate and Advanced Certificate Awards, or where Pearson regulations apply, there shall be a limit to the number of module attempts permitted within each award.

G12.3 The number of credits which may be attempted within certain awards is stipulated as follows:

Award	Minimum credit Requirement	Permitted Additional credit Attempts as defined in G12 above

*Additional module attempts at Year 1 of the same full time programme shall be permitted only exceptionally, where the Board is satisfied that the student would benefit from a further attempt, and that he/she has a reasonable prospect of success notwithstanding his/her previous performance.

G12.4 In order to retake a failed module or to attempt an equivalent module to a failed module, a Course Assessment Board may allow a full-time student to register for 20 additional credits in the following year.

G12.5 Retaken modules must be studied and completed in full. Any passed elements from the previous attempt cannot be carried over.

G12.6 Marks for retaken modules will be capped at the minimum pass mark.

G12.7 At the discretion of the Course Assessment Board and subject to any specific course requirements a student may be allowed to nominate an alternative module as the retaken module. The alternative module will be capped at the minimum pass mark.

G12.8 No student is permitted to retake a module that has been passed, subject to the following exceptions:

- i. where a student, because of mitigating circumstances, is permitted to repeat a year in full, all module grades in that year will be invalidated and passed modules may be newly attempted;
- ii. where a student, because of mitigating circumstances, is permitted to retake an assessment as a result of an appeal, the student will be able to rely on the higher of the original and the reattempted mark;
- iii. where a student cannot retake modules on a part-time basis because of documented circumstances beyond their control (e.g. international bursary or registration conditions), that student may exceptionally be permitted to retake one or more modules which have been passed, in order to constitute a full-time year. However, the marks awarded for those modules at the original attempt will stand.

G12.9 Approval of additional module attempts on all programmes shall be at the discretion of the appropriate Course Assessment Board, which will not withhold such approval unless, in its academic judgement, the student lacks any reasonable prospect of success in subsequent attempts. In the latter case, the student will be obliged to withdraw from the programme, and any future re-admission will be at the discretion of the relevant Head of School.

G13 Exclusion from a course during an academic session for academic reasons

G13.1 Where it becomes clear that a student will not meet the academic or other course specific progression

requirements, or if the student fails to fulfil module/course attendance requirements which means that their

academic progress is deemed unsatisfactory, the appropriate Course Assessment Board may determine that a student's studies be terminated.

G13.2 Students on professionally regulated courses which lead directly to or which satisfy the conditions of a professional qualification, or which confer a direct licence to practise, are also subject to the University's Fitness to Practise Procedure.

H: Course Awards and Results

H1 Principles

H1.1 Awards are recommended by Course Assessment Boards acting with delegated authority from the Academic Board.

H1.2 Course Assessment Boards will make recommendations for awards through the application of the academic and relevant course regulations using academic judgement to operate discretion within the limits defined in these Regulations.

H2 Marking and Grading

H2.1 The University uses a grade band marking scale as detailed in the Assessment Handbook Section 2.1.7. This marking scale contains a fixed number of percentage points in each class band which is assigned by a marker for a piece of assessed work.

H2.2 For modules at Levels 3, 4, 5 and 6, the term pass refers to a mark ≥ 40 . Ungraded credit is a pass. Compensated modules are treated as passes for the purposes of determining that the module requirement has been met. For modules at Level 7 and above, the term pass refers to a mark ≥ 50 .

Modules utilised solely on the undergraduate professional programmes in Medicine and Dentistry (BDS, MBBS) have a pass mark of 50.

H2.3 In addition to grading bands, the University uses a system of grades and codes to denote study performance.

Description	Grade
Distinction in placement	D
Merit in placement	M
Pass	P
Satisfactory	S
Unsatisfactory	U
Fail (where aggregate module mark is at or above the minimum pass mark but a core element is failed)	F
Decision deferred	I
Decision deferred at reassessment	IR
Not graded	NG
Associate/Exchange student: not assessed	Z
Compensated failed module	C
Fail: reassessment recommended	R
Fail: reassessment not taken up	X
Fail: retake module	K

H3 Recommendation for Award

H3.1 Students are assessed for the registered award on completion of the appropriate module minima. H3.2

To be recommended for an award a student must have:

1. achieved passes in the module requirement specified for the award;
2. passed any additional requirements specified by a Course associated with the award including core modules, defined combinations of modules and placements;

H3.3 Compensated modules are treated as passes for the purposes of determining that the module requirement has been met.

H4 Classification of Awards

H4.1 The classification of awards is based on the Average Percentage Mark (APM) - a calculation derived from the marks achieved in specified modules. Classifications are subject to other conditions as detailed below.

H4.2 The APM for the Honours Degree is a weighted average which recognises higher level study through the ratio 2:8 for Level 5: Level 6. See H4.5 below for the application of each ratio.

H4.3 The APM for all other awards is a weighted average which recognises higher level study through the ratio 1:2:3:4 for Level 4: Level 5: Level 6: Level 7.

H4.4 A minimum APM of X9.5 will be rounded up to the next classification for all awards. H4.5

Honours Degree

The classification of awards for **Honours Degrees** will be based on the highest classification outcome from one of the following:

- 1 The APM based on a weighted average of the best 100 credits at Level 6 and the best 100 credits at Level 5 using the ratio 2:8 for Level 5: Level 6.
- 2 The APM based on the best 100 credits at Level 6.
- 3 The classification is determined by reference to the overall profile and performance with the minimum requirement that:
 - i a minimum of 60 credits at Level 6 are in the classification band. and
 - ii the highest APM is no lower than 2 percentage points below that required for the classification

For Honours Degrees the following scale will be used to determine the award classification: APM:

70 - 100%	First Class Honours
60 - 69%	Upper Second Class Honours
50 - 59%	Lower Second Class Honours
40 - 49%	Third Class Honours

H4.5 Degree without Honours/Advanced Diploma

The classification of awards for the **Degree without Honours/Advanced Diploma** will be based on an APM derived from a weighted average of all Level 5 and Level 6 modules.

For the **Degree without Honours/Advanced Diploma** the following classifications are available:

APM:	
70 - 100%	Distinction
60 - 69%	Merit

H4.6 **Integrated Masters Degree/Bachelor in Medicine and Bachelor of Surgery/Bachelor of Dental Surgery**

The classification of awards will be based on the highest classification outcome from one of the following:

- 1 The APM based on a weighted average of 12 modules at Stage 3.
- 2 The APM based on a weighted average of 18 modules at Stage 2/3
- 3 The classification is determined by reference to the overall profile and performance with the minimum requirement that:
 - a minimum of 60 credits at Level 7 are in the classification band and
 - the highest APM is no lower than 2 percentage points below that required for the classification

For **Integrated Masters Degrees** the following scale will be used to determine the award classification:

APM:	
70 - 100%	First Class Honours
60 - 69%	Upper Second Class Honours
50 - 59%	Lower Second Class Honours
40 - 49%	Third Class Honours

For the **Bachelor of Dental Surgery (BDS) and Bachelor of Medicine and Bachelor of Surgery (MB BS)** an APM of 70% or above may be recognised by the award of BDS with Honours or the award of MB BS with Honours.

H4.7 **Taught/Professional Masters Degree**

The classification of awards for **Taught/Professional Masters Degree** will be based on an APM derived from all Level 7 modules. Any Level 6 modules must be passed but will be excluded from the calculation of the APM.

For **Taught/Professional Masters Degree** awards the following scale will be used to determine the classification:

APM Award	70% or above	Distinction
	60% or above	Merit

H4.8 **Postgraduate Diploma/Certificate**

The classification of awards for the **Postgraduate Diploma/Certificate** will be based on an APM derived from all Level 7 modules. Any Level 6 modules must be passed but will be excluded from the calculation of the APM.

For **Postgraduate Diploma/Certificate** awards the following scale will be used to determine the award classification:

APM:	
70 - 100%	Distinction
60 - 69%	Merit

H4.9 Other Classified Awards

The APM for other classified awards as listed below is based on a calculation derived from the marks achieved in all specified modules for the award:

Advanced Certificate, Certificate, Certificate of Higher Education, Diploma of Higher Education, Higher National Certificate, Higher National Diploma, Foundation Certificate, Foundation Degree, Graduate Certificate, Graduate Diploma

The following scale will be used to determine the classification:

APM:	70 - 100% Distinction
	60 - 69% Merit

H4.10 Exceptionally where a programme specifies more than the standard module minima for an award, the additional modules are included in the counting modules for the APM.

H4.11 Sandwich placements may be endorsed as merit/distinction. See C4.

H5 Alternative Awards

H5.1 **Alternative Awards:** Course Assessment Boards may recommend an approved alternatively named award to a student who has failed the registered award, provided the minimum requirements for the alternative award have been achieved. Such awards are commonly approved for courses containing elements of professional practice.

H6 Exit Awards

H6.1 Course Assessment Boards may recommend an exit award to a student who has failed the registered award or who leaves at an interim progression point provided the minimum requirements for the exit award have been achieved.

H6.2 Exit awards will only be recommended where a student's study for their registered award has been completed or terminated.

H6.3 A student who leaves his/her course and who has not been recommended for an exit award, may apply to the Chair of the Course Assessment Board to be considered for an award at the next meeting of the Board.

In calculating the APM for Exit Awards:

1. the credit requirement used in the calculation of the APM is as specified for the exit award concerned;
2. fail grades do not contribute to the APM calculation;
3. modules are included in the chronological order in which they were completed. Surplus modules are disregarded from the calculation.
4. any grades awarded as part of a final target award which has then been used as an entry qualification to either a one-year Top-up Degree or Direct Entry will not be included in the APM calculation for Honours Award.

H6.4 Table of exit awards

I: Appeals against Assessment Board Decisions

I1 Principles

- 11.1 An appeal cannot be made against the academic judgement of the examiner(s), properly exercised. Appeals on this basis will be ruled invalid.
- 11.2 Details of the rules and procedures for Appeals can be found in the Assessment Handbook.

I2 Grounds for Appeal against Assessment Board decisions

- 12.1 A request for an appeal against an Assessment Board decision (other than a decision relating to academic misconduct – see below) shall be valid only if it is based on one or more of the following grounds:
- i. that an Assessment Board has given insufficient weight to mitigating circumstances;
 - ii. that the student's academic performance has been adversely affected by mitigating circumstances which the student has, **for good reason**, been unable to make known to the Assessment Board;
 - iii. that there has been a material administrative error at a stage of the process, or that some material irregularities have occurred;
 - iv. that the assessment procedure and/or examinations have not been conducted in accordance with the approved regulations (this fourth ground will not be relevant to an appeal against a decision relating to an interruption or discontinuance of study. Such an appeal should be based on one or more of the three grounds above).

Where a student is seeking to appeal a decision of the Assessment Board relating to academic misconduct, the appeal will only be valid if it is based on the following grounds:

- (i) that the original hearing was not conducted fairly and/or in accordance with the published procedure;
- (ii) that the original decision was unreasonable in all the circumstances.

The full procedure is set out at section 7 in the Assessment Handbook.

J: External Examiners

J1 Principles

J1.1 The external examining process is fundamental to ensuring that the University's standards of awards are comparable with those across the HE sector in the United Kingdom.

J1.2 Every award bearing course will have an External Examiner appointed to it.

J2 Appointment of External Examiners

J2.1 External examiners are appointed by the University (subject to any required approval from external validating bodies) using criteria and procedures agreed by the Academic Board.

J2.2 The University reserves the right to terminate appointments where the role is not fully or properly discharged.

J2.3 The standard appointment period is 4 years.

K: Extraordinary Circumstances Governing the Assessment Process

K1. Principles

K1.1 The guiding principle of the University's response to extraordinary circumstances will be to maintain the academic standards of its programmes, the credibility of its awards and its own reputation. Subject to the maintenance of this principle, and to professional body requirements, every reasonable step will be taken to expedite the determination of awards and the progression of students.

K1.2 Extraordinary circumstances may be caused by external factors beyond the control of the University, which interfere with normal assessment processes or procedures and create a risk that the determination of awards or the progression of students will be delayed, though the functioning of the University is not radically or lastingly affected. Episodes of industrial action, or disruptive natural events such as epidemics or flooding, are examples.

K2 Process

K2.1 There will be a formal declaration by the Vice-Chancellor of the beginning, anticipated duration (where this can be estimated) and end of any episode of 'extraordinary circumstances'.

K2.2 The body responsible for approving special arrangements for the determination of awards and progression in the light of K1.1 above will be the Academic Board.

K2.3 The decisions open to the Academic Board are:

- (i) to delay recommendations until full information is available;
- (ii) to allow recommendations to be made on a basis of less than complete profiles of marks. These recommendations must be decisive but may be partial, e.g. the award of a qualification but with the award of merit/distinction delayed; progression to the next year/stage but with the possibility of one or more modules required to be reassessed or retaken.

K2.4 Where the operation of the approved modes of assessment within a module or course has been disrupted by extraordinary circumstances, the Academic Board may authorise the use of modes of assessment different from those set out in approved course documentation, provided that

- (i) such alternative modes of assessment provide evidence sufficient for a judgement that specified learning outcomes have or have not been achieved; and
- (ii) such alternative modes of assessment are approved by relevant External Examiners and professional bodies, where appropriate.
