SCHOOL AND COLLEGE LIAISON

ACADEMIC TALKS

At UCLan we are proud that our academics have passion and enthusiasm for sharing their knowledge. Many of our tutors are keen to visit schools and colleges to talk to students about a range of topics. These talks are free and aim to complement the school curriculum, as well as provide an insight into studies at university. All of the talks are pitched at an accessible level for school or college students and they are extremely popular.

We offer a broad range of subject-specific talks which can be delivered at your institution. Alternatively we can work together to develop a session which is specially tailored to meet your requirements.

Contact us for further details and to book sessions:
