

Careers Support for Students and Staff at UCLan Partners.

Partner students are primarily supported by their local Careers Team at the institution of study. UCLan Careers can enhance the support in a number of ways:

- Partner staff are offered support and advice from the **Careers Team** and are welcome to visit us on campus to find out more about the services we deliver.
- All students and staff have access all our new on-line careers system, **CareerEDGE**, available via: www.uclan.ac.uk/careeredge

From here, you will be able to:

- Search for vacancies – Graduate Jobs, Placements, Part-time work
- Explore careers resources – job outlines, films, industry updates
- Use the career tools – CV Builder, Elevator Pitch, Psychometric Assessments
- Book onto careers events and fairs
- Ask Careers a question or send your CV or application form for feedback
- Book a telephone or skype appointment

Online Resources, Tools and Professional Development Opportunities:

- There are a wide range of online resources available to you to help you plan your career. These include careers booklets and career exploration tools. Check out our full range of online resources at www.uclan.ac.uk/careeredge
- This includes a free online CV Builder programme and e-portfolio area which keeps track of all the activities you have undertaken within the resource area.
